> The nomination of Judge Parker was framatic in the extreme. Nearly 10 lours of oratory preceded the vote, those placed in nomination beside Judge Parker being William R. Hearst, of New York; Senator F. M. Cockrell, of Missouri; Richard Olney, of Massachusetts; Edward C. Wall, of Wisconsin; Judge George Gray, of Delaware; John Sharp Williams, of Mississippi and General Nelson A. Miles.

Before balloting began Bryan ap peared on the stage. After stating that twice he had borne the standard for the party, he continued:
"I came to this Democratic conven

Today as a private citizen I am more interested in the success of the Democratic ticket than I was when I was a candidate." When he declared himself a loyal Democrat under all conditions the applause came in great volume. He read that portion of the speech of Governor Black, of New York, nominating Roosevelt, which declared that wars were liable to come at any time to any nation and declared the principle underlying that utterance was a chal Declaring that Roosevelt, if he be lieved in war as an arbiter of disputes,

St. Louis, July 11 .- Just when the Democratic national convention delegates felt that they were to be allowed to rest after three strenuous days, and when the nomination for the vice presidency seemed to be the one thing left to settle, Judge Parker, the nominee for president, threw a bomb into the convention by sending this message to William F. They underlaid our independence, the structure of our free republic, and every Democratic extension from Louisiana to California, and Texas to Oregon, which preserved faithfully in all the states the tie between taxation and representation. They yet inspire the masses of our people, suarding jealously their rights and liberties, and cherishing their fraternity, peace and orderly development. They remind us of our duties and responsibilities as citizens and impress upon us, particularly at this time, the necessity of reform and the rescue of the administration of government from the headstrong, arbitrary and spasmodic methods which distract business by uncertainty, and pervade the public mind with dread, distrust and perturbation.

Our soldiers and sailors who defend with their lives the constitution and the laws have a sacred interest in their just administration.
